

Welcome to Black Earth Elementary School! I hope everyone is enjoying their summer. I am excited to become a part of the staff as the new elementary principal for the 2016-17 school year. I am looking forward to joining all the staff, students and parents as we work together to help the students grow into respectful, responsible and safe lifelong learners. These three areas represent the tools we will stress throughout the year to produce students who are problem solvers, cooperative workers, and productive citizens of our Wisconsin Heights School District community and the world around them.

To reach these goals, we are committed to working collaboratively with our parents to provide instruction that focuses on the growth and achievement of each student. Therefore, we encourage our parents to take an active role in the academic growth of their student. If you have ideas, thoughts, or concerns you'd like to share, we'd love to hear them. You are always welcome to volunteer and/or visit the school.

Thank you for sharing your children with us.

Warmly,

Deb Winkler
Black Earth Elementary School Principal
