

WISCONSIN HEIGHTS SCHOOL DISTRICT AT A GLANCE

WHERE WE ARE AND WHERE WE'RE GOING.....

In November 2020, the Heights community passed a referendum to move the district to one campus. In 2022, a new and state of the art elementary wing will be added to the MS/HS facility. In addition, updates will be made to the existing MS/HS. These enhancements will allow the district to continue the positive progress and provide top notch education for the students.

Currently, our facilities consist of two elementary buildings – one in Black Earth, with EC- 2 attending, and the other in Mazomanie, with grades 3-5 attending. The middle school/high school are combined and situated between these two villages on Highway 14.

Community support + #VanguardPride Reaching New Heights....Together!

TOP NOTCH ACADEMIC EXPERIENCES:

- Students at the elementary, middle, and high school level score above state averages on DPI assessments
- A variety of advanced placement, career and technical education, and community based learning opportunities for students

Among many strong regional school districts, Wisconsin Heights also provides impressive results*:

Middleton-Cross Plains - 82.6

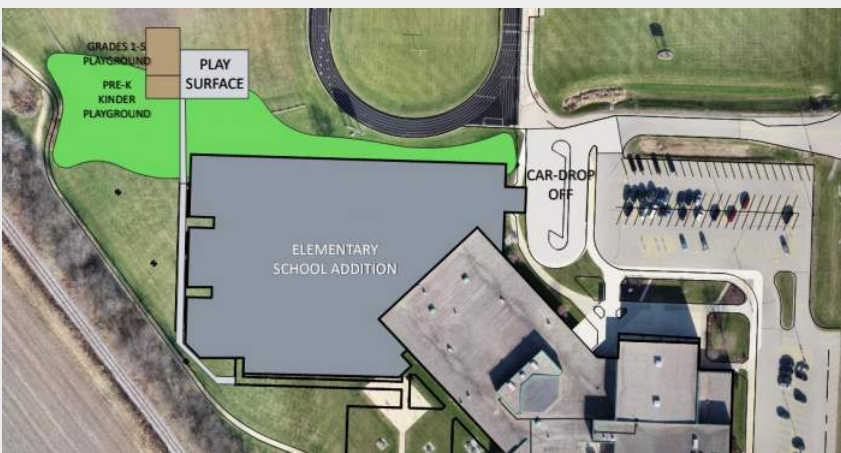

Wisconsin Heights - 78.5

Mount Horeb - 78.3

River Valley - 76.7

Sauk Prairie - 74.8

*Based on 2018-2019 DPI school report card
