

Progress Update

Progress in last two weeks:

- Design meeting with WisDOT. Initial submittal indicates no major work on US-14 (no street light, etc). Final recommendations in process.
- Design meeting with special education team. Key take away: right size cool down room and adding changing areas.
- Developing interior rendering options.
- Developing exterior rendering options.
- Completed a page-turn of the summer HS/MS scope of work.
- HS/MS HVAC Renovation for Summer 2021 will be priced:
 - Includes: Classroom Unit Ventilators in High School, Restroom Reconfiguration (HS), Roof Replacement, Air handling Unit Refurbishment or Reaplcement, HVAC Controls.
- Playground design development

Theater Referendum:

- Developing 3d Rendering of interior of the theater.
